

# Treasury Continues to Disrupt Hamas' Sham Charity Network as the Group Refuses to Disarm

Today, the Department of the Treasury's Office of Foreign Assets Control (OFAC) is designating four sham charities that directly fund Hamas's Military Wing and its terrorist activities. Hamas continues to rely on deceitful practices to hide its revenue-generating activities behind civilian organizations under the pretense of conducting humanitarian work, while in reality supporting the group's continued efforts to fund their terrorist operations.

"Hamas continues to finance its military wing by exploiting sham charities to support terrorist operations," said **Secretary of the Treasury Scott Bessent**. "The Treasury Department will not allow Hamas to misuse the charitable sector for its violent aims, and we will continue to target these networks wherever they operate."

## HAMAS-AFFILIATED CHARITIES IN TÜRKIYE AND INDONESIA

As outlined in previous OFAC actions on [October 7, 2024](#), [June 10, 2025](#) and [January 21, 2026](#), a key element of how Hamas raises overseas funds is through a network of nonprofit organizations that ultimately channel assets to local charities in Gaza that are controlled by Hamas. **Ghazi Destek Dernegi (GDD)**, **Hayat Yolu**, and the **Palestinian White Hands Assistance and Solidarity Association (Palestinian White Hands)**, are three Türkiye-based nonprofit organizations that are involved in this process and have provided significant material support to Hamas. GDD and Hayat Yolu are charities involved in Hamas' international funding network that enables Hamas to generate external revenue in direct support of Hamas' military wing. For example, a series of internal documents captured from Hamas show how GDD, working in collaboration with other sanctioned entities like [Waed Society Gaza](#), has supported efforts to materially support individual Hamas members, as well as assist in construction projects that directly benefit Hamas. Separate internal Hamas documents also indicate Palestinian White Hands is integrated within the Hamas military wing security apparatus.

Indonesia-based Komite Nasional Untuk Rakyat Palestina (KNRP) is a charity that Hamas military wing internal documents revealed has provided funding for charitable projects in Gaza that Hamas directly benefited from. For example, KNRP has coordinated with Hamas to fund and distribute material destined exclusively for Hamas fighters.

As a result of today's action, all property and interests in property of the designated or blocked persons described above that are in the United States or in the possession or control of U.S. persons are blocked and must be reported to OFAC. In addition, any entities that are owned, directly or indirectly, individually or in the aggregate, 50 percent or more by one or more blocked persons are also blocked.
